

## Aaron Horner For Kitsumkalum Council

Vote February, 21.2019

---

- It is my third time being nominated for a council position, I am ready to take the next step in learning the roles and responsibilities that come with being a part of the Kitsumkalum Council. I believe that I will have a positive role in strengthening our community.
- I have two children and I want to teach them the importance of involvement and shaping the future; therefore community involvement and working as a team is of most importance.
- I am honest, fair, reliable and easy to talk to.
- I would use this opportunity to communicate and work with the other elected members to help move towards meaningful results on behalf of the community.
- I have been operating the Kitsumkalum hockey group for many years; In addition I would like to look for more opportunities to get out and get active.
