

Pembina is recruiting for its new **Operator Training Program**

We are seeking candidates to join the program and train for employment at the Prince Rupert Terminal, Pembina's propane export terminal located on Watson Island.

This is a paid program and it will run from late September 2019 to May 2020. Graduates of the Operator Training Program will have the skills necessary to apply for permanent operator opportunities at Pembina's Prince Rupert Terminal.

You are invited to one of the listed sessions to learn about the program and have an interview. Come find out if this program is right for you.

The information session will provide:

- Overview of Operator Training Program
- Informal interviews for potential candidates
- Discussion of future roles that will be available in 2019/20
- Opportunity to meet the Terminal Manager

A short list of candidates will be selected for formal interviews. Formal interviews will be conducted June 3 – 5, 2019.

Please **bring your updated resume to the information session.
