

Salvage Your Old Vehicles

Boats & RV's are not accepted at this time

As part of FireSmart in 2023, the Emergency Management Department in Kitsumkalum is ensuring anything that can attract the risk of fire to your property is safely removed. If you have a vehicle that needs to be salvaged, please email me directly.

What I need from you if you have a vehicle (s) for salvage is the following:

- First & last name
- Make/model/colour
- Location/address

- Consent to have the vehicle(s) removed by stating in your reply email:
I consent to have my vehicle(s) towed from the premises.

In 2022, Kitsumkalum Emergency Management successfully had 34 vehicles removed from our community.

Thank you for helping our community be safer,

Joel Brousson
Emergency Program Coordinator
Kitsumkalum Band, Terrace B.C.
